

The Most Excellent Way ~ Testimonies

Audrey's Testimony

I became "born again" October 11, 2001,
the same night I walked into "The Most Excellent Way"
and the Lord took away my addictions.

I was raised in a very dysfunctional family.
My father, an alcoholic, left us when I was seven.
Although I was ashamed of his drinking,
I began drinking and using drugs at a very young age.

I was not raised with Jesus in my life,
but I always had a strong sense of God.
I lost control of my life – drinking became the most important thing.
After many, many attempts to stop on my own,
I called a friend
who brought me to "The Most Excellent Way."

The Lord took away my cravings for alcohol, drugs and, more recently, cigarettes.

I would be lost or dead without Jesus.

I praise Him everyday.

[I'm on the Ministry Team now and] my spiritual gifts are prayer,
and reaching out and pointing people to the Cross.

TMEW's structure is good and it works.

It showed me Jesus and got me clean.

The Word of God is the most effective "restoration" resource.

It is the ONLY way.

I know this from the miracles I have witnessed
and have experienced personally.

I believe the Word of God is a blueprint for our lives.

There is no question in life that we will not
find the answer to in His Word.
